Long English margin preserved in full. Juvenal variants and Magdeburg anecdote annotated. Subsection 5 heading and all following body excluded for 161.

Opening words: And whilst the ruder sort are so carried headlong

Closing words: and hell it self.

Passages DJR-161-01 to DJR-161-64

Source page labels: 680–685 (sequence 692–697). Scan pages: 792, 793, 794, 795, 796, 797.

Scan 792; printed 680; sequence 692; image block161-source-792.png. Begins with Subsection5 heading Cure of Religious Melancholy and To purge the world of Idolatry and superstition. All following body included. All earlier body and every marginal entry on this page belong to160 and are excluded. Crellius is the scan reading.

Scan 793; printed 681; sequence 693; image block161-source-793.png. All body and seven marginal entries. Ovid distich retained in two lines with the printed sequare. Campanella Calcagninus margin and firmamentals worlds preserved. Sentence continues onto794.

Scan 794; printed 682; sequence 694; image block161-source-794.png. All body and six marginal entries. Bernard fragment reads os alia loquens. Sassonia anecdote retains meditation with explanatory note. Rhasis cont.lib.1.cap.9 and marginal negotius retained. Rhazes quotation continues onto795.

Scan 795; printed 683; sequence 695; image block161-source-795.png. All body and four marginal entries. Completes Subsection5 then includes Member2 Subsection1 heading. Juvenal contum retained and distinguished from Cocytum. Three-line Latin Cyclops verse followed by four-line English restatement spanning795–796. Mersenne estimate reads50000.

Scan 796; printed 684; sequence 696; image block161-source-796.png. All body and seven marginal entries. Horace marginal ode18 confirmed visually; Proverbs7.8 retained with note on7.18. Five displayed verse units across this page and the opening continuation of the English Cyclops stanza. Source Aproyis and Herodotus Lib.1 retained; sentence continues onto797.

Scan 797; printed 685; sequence 697; image block161-source-797.png. Body through when he raved and killed his wife and children; nine marginal entries included. Last star De orbis con.lib.1.cap.7 belongs to the following Postellus passage and remains for162. Lansius long s normalized. Europe24 note attached after Aeneas Sylvius, separate from the preceding quotation reference, to avoid adjacent unreadable note numerals.

Opening words: SUBSECT. 5. Cure of Religious Melancholy.

Closing words: when he raved and killed his wife and children.

Passages DJR-162-01 to DJR-162-51

Source page labels: 685–690 (sequence 697–702). Scan pages: 797, 798, 799, 800, 801, 802.

Scan 797; printed 685; sequence 697; image block162-source-797.png. Begins A milder sort of these Atheisticall spirits there are. Includes remaining body and only the final Postellus margin De orbis con. lib.1.cap.7. All earlier body and nine preceding margins belong to 161.

Scan 798; printed 686; sequence 698; image block162-source-798.png. All body and five marginal entries. Burton's Selius differs from Martial's Segius; loose or crossed star and dagger anchors retained and explained. Chrysostom margin reads Ser.30. in5.cap.adEphes., not the OCR reading 9; a parallel occurs in Homily 19 on Ephesians.

Scan 799; printed 687; sequence 699; image block162-source-799.png. All body and seven marginal entries. Lucan's verse is adapted with Deus and quocunque; the printed wording is retained. Distinctions between spirits, intelligences, nature and necessity preserved.

Scan 800; printed 688; sequence 700; image block162-source-800.png. All body and five marginal entries. Unmarked l.2.Natural.quæst33.39. counted separately and placed with the Seneca discussion in row 31, printed 688–689. Burton's execution and banishment readings are both retained. Virgil's Achilles quotation remains inline prose.

Scan 801; printed 689; sequence 701; image block162-source-801.png. All body and six marginal entries. Claudius and margin De ira 16.34 retained, with note identifying Caligula in Seneca. Lucretius cum relligione differs from the primary text sub religione; Latin passage and Burton's separate English restatement both preserved.

Scan 802; printed 690; sequence 702; image block162-source-802.png. Body through the Frederick report ending ego multo meliorem modum credendi & vivendi ordinarem. Includes nine preceding marginal entries. Excludes To these professed Atheists we may well add and the final Virg. marginal entry, reserved for 163.

Opening words: A milder sort of these Atheisticall spirits there are

Closing words: ego multo meliorem modum credendi & vivendi ordinarem.

Passages DJR-163-01 to DJR-163-43

Source page labels: 690–695 (sequence 702–707). Scan pages: 802, 803, 804, 805, 806, 807.

Scan 802; printed 690; sequence 702; image block163-source-802.png. Begins To these professed Atheists we may well add. Includes the remaining body, the two-line Virgil quotation and only the final Virg. margin. All earlier body and nine preceding marginal entries belong to 162.

Scan 803; printed 691; sequence 703; image block163-source-803.png. All body and six marginal entries. Separate Latin and English restatements retained. The Jerome attribution remains as printed, with the close Ambrose parallel explained.

Scan 804; printed 692; sequence 704; image block163-source-804.png. All body and three marginal entries. Collius and Giaminus retained; the comma in Philippus, Faber Faventinus is preserved pending bibliography. Seneca locator retained without an unverified correction.

Scan 805; printed 693; sequence 705; image block163-source-805.png. All body and three marginal entries. Includes both Subsection 2 headings. Aquinas locator retained and corrected in Editor note. Justin numbers and altered tense preserved and explained.

Scan 806; printed 694; sequence 706; image block163-source-806.png. All body and seven marginal entries. The Paterculus story remains as Burton tells it, with differences from the ancient text noted. Zanchi, Musculus, hope and temporary despair distinguished. Abernethy margin belongs with the final passage continuing onto 807.

Scan 807; printed 695; sequence 707; image block163-source-807.png. Only the opening conclusion through the minde eclypsed with black fumes arising from those perpetual terrours. Excludes the complete Subsection 3 heading, its body and all marginal entries; these belong to 164.

Opening words: To these professed Atheists we may well add

Closing words: the minde eclypsed with black fumes arising from those perpetual terrours.

Passages DJR-164-01 to DJR-164-56

Source page labels: 695–700 (sequence 707–712). Scan pages: 807, 808, 809, 810, 811, 812.

Scan 807; printed 695; sequence 707; image block164-source-807.png. Begins with complete Subsection 3 heading, Causes of despair. Includes remaining body and all six marginal entries. The opening conclusion of Subsection 2 belongs to 163. The two unmarked Vers. references are retained with editorial explanation.

Scan 808; printed 696; sequence 708; image block164-source-808.png. All body and nine marginal entries. Distinguishes melancholy from despair and reports medical cases. The two first-person statements belong to the cited physician, not Burton. Altered Democritus story and incorrect Gellius locator retained and explained.

Scan 809; printed 697; sequence 709; image block164-source-809.png. All body and three marginal entries. Continues the physician case, then discusses excessive meditation on judgement and eternity. Both six-line columns of the verse are preserved sequentially. Jerome attribution and printed In 17. Johannis marginal locator remain unresolved.

Scan 810; printed 698; sequence 710; image block164-source-810.png. All body and five marginal entries. Scriptural misreading and harsh preaching, including criticism of Catholic and Protestant pastors. Erasmus body and margin variants retained. Begins conscience paragraph continued on 811.

Scan 811; printed 699; sequence 711; image block164-source-811.png. All body and eleven marginal entries. Includes two-line Orestes exchange and one-line Juvenal verse. Conscience becomes ledger, mill, witness and court. All Latin and separate English restatements retained. Final sentence continues onto 812.

Scan 812; printed 700; sequence 712; image block164-source-812.png. Only the first line, concluding to torment their souls for their sins past. Excludes all following body and all marginal entries, which belong to 165.

Opening words: SUBSECT. 3. Causes of despair, the Divel, melancholy, meditation, Distrust, weakness of faith, rigid Ministers, misunderstanding Scriptures, guilty consciences, &c.

Closing words: to torment their souls for their sins past.

Passages DJR-165-01 to DJR-165-46

Source page labels: 700–704 (sequence 712–716). Scan pages: 812, 813, 814, 815, 816.

Scan 812; printed 700; sequence 712; image block165-source-812.png. Begins with Tragical examples in this kinde are too familiar and common. Includes all subsequent body and all seven marginal entries, a, b, p, q, r, s, t. The first line ending sins past belongs to 164. The faint pœnis reading in the Buchanan margin is explicitly provisional; translation tentatively follows intended plenis.

Scan 813; printed 701; sequence 713; image block165-source-813.png. All body and the single marginal entry u. Completes the retribution legends, then Burton's anti-Catholic polemic concerning indulgences and confessors. The accusations are retained and identified as polemic.

Scan 814; printed 702; sequence 714; image block165-source-814.png. All body, both Subsection 4 headings and all seven marginal entries, dagger, x, y, z, a, b, c. Two Latin lines combine Juvenal and Lucan; the separate English couplet remains. The Philostratus margin lacks a matching body marker and is anchored with the troubled-sleep passage, with editorial explanation.

Scan 815; printed 703; sequence 715; image block165-source-815.png. All body and both marginal entries, dagger and d. Includes biblical quotations, Mersenne's reported cases and Platter's account of involuntary thoughts. Printed locators and separate English restatements remain.

Scan 816; printed 704; sequence 716; image block165-source-816.png. Opening continuation through the end of Subsection 4, some reject all, and will not be eased. Includes four marginal entries e, f, g, h. Excludes the complete Subsection 5 heading, subsequent body and marginal entries i, k, l, m, reserved for 166.

Opening words: Tragical examples in this kinde are too familiar and common

Closing words: some reject all, and will not be eased.

Passages DJR-166-01 to DJR-166-52

Source page labels: 704–709 (sequence 716–721). Scan pages: 816, 817, 818, 819, 820, 821.

Scan 816; printed 704; sequence 716; image block166-source-816.png. Begins with the complete Subsection 5 heading, Prognostiques of Despair, Atheism, Blasphemy, violent death, &c. All subsequent body and marginal entries i, k, l, m included. Preceding body and margins e–h belong to 165. Printed Partritus retained; precise identification remains unresolved.

Scan 817; printed 705; sequence 717; image block166-source-817.png. All body, both Subsection 6 heading units and all four marginal entries n, o, p, dagger. Includes the distinction between willing action and the force of illness, the cooperation of medicine and counsel, the displayed Horace line and the George Burton–James Whitehall margin.

Scan 818; printed 706; sequence 718; image block166-source-818.png. All body and four marginal entries a, b, c, d. Preserves Navarrus's announcement of ten remedies followed by five explicit items, Greenham's six means and Culmannus's seven rules. Printed 2 Corinthians 11:9 retained and explained as a mistaken locator for 12:9. Matthew 11.28 repeated across the page boundary appears once, explicitly recorded.

Scan 819; printed 707; sequence 719; image block166-source-819.png. All body and six marginal entries e, f, g, h, i, k. Includes the mercy comparisons and the objection concerning repeated sin. Latin and Burton's separate English restatements preserved. Related Chrysostom parallel distinguished from exact verification of Burton's cited homily.

Scan 820; printed 708; sequence 720; image block166-source-820.png. All body and seven marginal entries dagger, l, m, n, o, p, q. Preserves seventy-seven, the Anselm prayer, golden-chain retelling, medical analogies and repentance images. The Latin clean-from-unclean phrase and Burton's different creation-from-nothing paraphrase both remain.

Scan 821; printed 709; sequence 721; image block166-source-821.png. Opening body through the displayed Seneca line Quem pœnitet peccasse pene est innocens. Includes five marginal entries r, s, t, u, dagger. Excludes subsequent body beginning 'Tis true indeed and all sufficient this, they do confess, if they could repent and entries x, y, z, reserved for 167.

Opening words: SUBSECT. 5. Prognostiques of Despair, Atheism, Blasphemy, violent death, &c.

Closing words: Quem pœnitet peccasse pene est innocens.

Passages DJR-167-01 to DJR-167-55

Source page labels: 709–715 (sequence 721–727). Scan pages: 821, 822, 823, 824, 825, 826, 827.

Scan 821; printed 709; sequence 721; image block167-source-821.png. Begins with 'Tis true indeed and all sufficient this, they do confess, if they could repent. All following body and marginal entries x, y, z included. Earlier body and margins belong to 166. Printed heaven retained, with the margin's harbour image explained.

Scan 822; printed 710; sequence 722; image block167-source-822.png. All body and four marginal entries a, b, c, d. Preserves the Latin promises and separate English restatements, qualifications about desire and repentance, and the Careless–Bradford exchange. Printed Matthew 6:23 retained and explained as a mistaken locator for Mark 9:24; the contrite-heart wording compared with Psalm 34:18 and Luke 4:18.

Scan 823; printed 711; sequence 723; image block167-source-823.png. All body and five marginal entries e, f, and three daggers. Includes the objections concerning religion and providence, three displayed verse units and the Campanella and Lucan margins. Printed Pomponius retained against the Pompeius parallel. Campanella's unclear colum and tentative sense recorded without a silent emendation.

Scan 824; printed 712; sequence 724; image block167-source-824.png. All body and one marginal entry a. Preserves the historical causal account of unwanted thoughts, the Latin devil's-bath phrase and English restatement, and distinctions between involuntary occurrence, resistance and consent.

Scan 825; printed 713; sequence 725; image block167-source-825.png. All body and one marginal entry b. Includes the definition of final rejection of mercy, meditation and its possible adverse effect, and the opening assurance against the fear of reprobation. Printed Proverbs 4:13 retained and explained as a mistaken locator for 4:23.

Scan 826; printed 714; sequence 726; image block167-source-826.png. All body and one marginal entry g. Includes the collier dialogue, Horace verse, assurance of election, universal promises and the objection concerning weak signs of faith. Ambiguous this perswasion retained and explained. Printed Ezekiel irregularity and tell all Nations recorded.

Scan 827; printed 715; sequence 727; image block167-source-827.png. Opening two body lines only, completing the preceding paragraph through or at least wish and desire thou maist be. All subsequent body beginning Notwithstanding all this which might be said to this effect, to ease their afflicted mindes and every marginal entry reserved for 168.

Opening words: 'Tis true indeed and all sufficient this, they do confess, if they could repent

Closing words: or at least wish and desire thou maist be.

Passages DJR-168-01 to DJR-168-51

Source page labels: 715–720 (sequence 727–732). Scan pages: 827, 828, 829, 830, 831, 832.

Scan 827; printed 715; sequence 727; image block168-source-827.png. Begins Notwithstanding all this which might be said to this effect, to ease their afflicted minds. All subsequent body and seven marginal entries included. Earlier two body lines belong to 167. Scan spelling minds corrects mindes in the preceding continuation metadata. Discussion of universal grace, election, Curione, Julian and ignorance.

Scan 828; printed 716; sequence 728; image block168-source-828.png. All body and five marginal entries. Includes the catalogue of theological positions, universal restoration and annihilation as distinct proposals, Ovid and the compressed decree formula. Printed Lonicrus, Pelsii and marginal placement retained; unresolved identifications and locators recorded.

Scan 829; printed 717; sequence 729; image block168-source-829.png. All body and two marginal entries. Includes the royal declaration, Erasmus with the qualification concerning impiety, and the return to torment, mercy and justice. Printed and and retained at left and reduced to one and in the modern rendering. Full Hemmingius margin translated.

Scan 830; printed 718; sequence 730; image block168-source-830.png. All body and one marginal entry. Includes affliction, patience, the school comparison and mother image. Latin and separate English restatements retained. Coronet read as a crown, Ecclesiasticus distinguished from Ecclesiastes, and garden/cross conflation recorded.

Scan 831; printed 719; sequence 731; image block168-source-831.png. All body and one marginal entry. Includes Job, Nineveh, penitence, Augustine, Lazarus, bodily illness as analogy and spiritual recovery. Job 39:37 follows Geneva numbering; Matthew 15:14 and printed Augustine Psalm 52 locator retained and explained. Augustine parallel identified as related, not exact verification.

Scan 832; printed 720; sequence 732; image block168-source-832.png. Opening body through though now in heaviness, saith 1 Pet. 1. 6. you shall rejoyce. Includes faith and feeling, patient waiting, contrary workings, Passover and final assurances. No marginal entries on this page. All following body beginning Now last of all to those external impediments, terrible objects reserved for 169.

Opening words: Notwithstanding all this which might be said to this effect, to ease their afflicted minds

Closing words: though now in heaviness, saith 1 Pet. 1. 6. you shall rejoyce.

Passages DJR-169-01 to DJR-169-35

Source page labels: 720–723 (sequence 732–735). Scan pages: 832, 833, 834, 835.

Scan 832; printed 720; sequence 732; image block169-source-832.png. Begins Now last of all to those external impediments, terrible objects. All remaining body included; no margins occur on this page. Earlier body belongs to 168. Natural causes, disordered imagination, Balneum Diaboli and limits on demonic power.

Scan 833; printed 721; sequence 733; image block169-source-833.png. All body and one marginal entry. Medical treatment, amulets, stones, herbs, fumigations, two inline recipes, lamps and opening of Cardan passage. Scan reading all profligandis dæmonibus preserved; vitis alba translated as white bryony. All Latin and English restatements retained. Prescription signs represented by ℞.

Scan 834; printed 722; sequence 734; image block169-source-834.png. All body and three marginal entries. Completion of Cardan, ritual and exorcism, French possession narrative, patristic counsel and final practical directions. Printed S. Bawne, Domphius and Cura. Lam. meles. retained and uncertainties recorded. Psalm 67 follows Vulgate numbering. Includes Navarrus locator and the beginning of counsel that continues on the next page.

Scan 835; printed 723; sequence 735; image block169-source-835.png. All body and two marginal entries, including Navarrus and Isaiah 50:4. Concluding counsel against solitude and idleness, two-line Sperate miseri motto, final Latin quotation attributed to Augustine and FINIS. Catchword The omitted. End of main text; alphabetical Table later in scan and earlier front matter remain outside this block.

Opening words: Now last of all to those external impediments, terrible objects

Closing words: FINIS.

Passages DJR-171-001 to DJR-171-310

Source page labels: unnumbered Table A–L. Scan pages: 837, 838, 839, 840, 841.

Scan 837; printed unnumbered Table; image block170-next-table-837.png. Heading The Table, A and B through Bread and beer. Both columns complete.

Scan 838; printed unnumbered Table; image block171-source-838.png. B continued through Business; all C; D through Diet how rectified. Both columns complete.

Scan 839; printed unnumbered Table; image block171-source-839.png. Diet entry continuation In quantity joined to preceding leaf; all remaining D, E, F and G through Geography. Both columns complete.
